

**SUBCONTRACTOR SAFETY PRE-QUALIFICATION**

Primax Construction Inc. considers **SAFETY** its top priority. Therefore, it is required that all potential subcontractors accurately answer the questions listed below. These questions will be used along with each subcontractors bid to help determine which firm will be awarded the final contract.

***Before the successful subcontractor is awarded the final contract, he will be required to submit a detailed safety qualification form which will be provided by Primax Construction.***

Subcontractor: \_\_\_\_\_

Project Name: \_\_\_\_\_

Project location: \_\_\_\_\_

**Please read and answer each question carefully:**

1. What is your company's policy with regards to safety issues?

\_\_\_\_\_

2. Have you received OSHA citations for any violations in the past three (3) years? Please define:

\_\_\_\_\_

- |   |     |    |
|---|-----|----|
| 3. Do you have a written safety plan?<br>(Masonry Bracing, scaffolding, fall protection, trenching, etc ) | Yes | No |
|---|-----|----|

- |   |     |    |
|---|-----|----|
| 4. Do you have a substance abuse program? | Yes | No |
|---|-----|----|

5. What is your company's current Experience Modification Rate (EMR) for workmen compensation? This information can be obtained from your insurance agent.

Current Year \_\_\_\_\_

**This pre-qualification form MUST be submitted with your bid.**

**Thank you for your interest in safety for Primax Constructions projects.**
